EDUCATION & COMMUNITY  
ENGAGEMENT PROGRAMS

*Alive through great music!*

2017-2018

## SYMPHONY IN SCHOOLS

Small ensembles come to the classroom for interactive and collaborative performances.

Students learn all about musical instruments and the way they work and sound together, hear some incredible music, and absorb a blending of arts and academics in an engaging, interdisciplinary presentation. Year-round availability for school-day performances in the classroom.

## COMMUNITY CHAMBER MUSIC

Celebrate the beauty and joy of live music through concerts that are both artistically engaging and conversation stimulating. Year-round availability for public libraries, healthcare centers, retirement homes, and more.

## INSTRUMENT PETTING ZOO

This musical laboratory gives children the opportunity to see, hear, touch, and play in an exploration of the four families of the orchestra: strings, winds, brass, and percussion. The zoo will inspire kids to want to learn to play instruments, and to help them choose which one looks, feels, and sounds the best for them! Year-round availability for school-day workshops in the classroom. Grades PK-3.
